KOJO Worldwide Adds Value with New Onsite Re-upholstery Services

SAN DIEGO - March 2003. KOJO Worldwide, a leading manufacturer of hotel bedcovers and draperies, announces a new reupholstery service available to refurbish furniture for the hotel industry.

The KOJO Reupholstery Service utilizes expertly trained KOJO upholsterers that will rejuvenate chairs and sofas, nationwide. A quotation detailing the cost and scope of work, for customer approval will be provided after an initial evaluation made from photographs or illustrations of the specified furnishings or inspection by one of KOJO's skilled technicians. Upon acceptance, certain upholstery elements will be produced at KOJO facilities and an upholstery team will be deployed to finish the job onsite. This environmentally friendly service will restore years of beauty and function to worn furnishings, saving time, money and eliminate the need to dispose of obsolete furnishings.

Great hospitality companies value easy, affordable maintenance of their furnishings and KOJO Worldwide makes it possible. The KOJO Reupholstery Service is another reason to take advantage of KOJO's one-stop services, and an example of the KOJO's commitment to add value to the hotel industry.
